

**【Announcement】 National Formosa University Registration Instructions
for Continuing Daytime Students-First Semester of Academic Year 2026
(Academic Year 115, ROC Calendar)**

1. The first day of classes for daytime students is **September 7, 2026**. Students must complete registration before the start of the semester.
2. To support digital administration, students must download and print their tuition payment statement from **August 10, 2026**, and either pay the tuition or apply for a student loan. All tuition payments must be completed by **September 7, 2026**. Students applying for a student loan **must not make duplicate tuition payments**.
3. Students may download and print their tuition payment statement from the **Bank of Taiwan Tuition and Miscellaneous Fees Portal**:
<https://school.bot.com.tw/newTwbank/StudentLogin.aspx>

For any questions regarding registration or tuition payment statements, please visit the Cashier Division website:

https://gad.nfu.edu.tw/zh_tw/cashierdivision/cashierdivisionbulletin

or call **+886-5-631-5210~5214**.

To support this policy, the Cashier Division provides dedicated computer facilities for students who are unable to print their payment statements themselves. Please visit the Cashier Division website for printing instructions and additional information.

4. Students applying for a **student loan** must upload the **second copy of the Student Loan Application Form** to the **eCare System** (Online Submission and Application → Student Loan Application) between **August 12 and September 11, 2026**. Students who fail to upload the required documents on time or whose applications are not approved must pay their tuition in cash.

Students should regularly check the review status of their applications in the system. If the application is returned with comments, corrections must be made accordingly.

If the approved loan amount is **less than the amount due on the registration**

payment statement, students are responsible for paying the difference.

5. Graduate students applying for a student loan must complete the loan application at the **Bank of Taiwan** according to the **maximum loan amount** shown in the upper-right corner of the payment statement. The second copy of the Student Loan Application Form must be uploaded to the **eCare System** by **September 11, 2026**.

Any excess loan amount will be automatically verified and deducted by the University and the Bank of Taiwan. Students do **not** need to wait until the course add/drop period ends.

Graduate students who are **not** applying for a student loan must pay their **credit-hour tuition fees** before the payment deadline shown on the payment statement. Failure to do so will result in the credits earned during the semester **not being recognized**. Students whose credit-hour tuition has already been covered by a student loan must **not** make duplicate payments.

The Bank of Taiwan also provides an **online student loan application service**, allowing students to apply without visiting a branch in person.

6. Undergraduate students (four-year and two-year programs) who are **extending their period of study** and applying for a student loan must download the **Application Form for Student Loans for Extended Study Students** from the **eCare System** (the system will automatically calculate the maximum loan amount). After obtaining the required approvals, students may apply directly at the **Huwei Branch of the Bank of Taiwan**.

The second copy of the Student Loan Application Form must be uploaded to the **eCare System** by **September 11, 2026**.

Please note that the information on the extended-study student loan application form is **for student loan purposes only** and does **not** represent the final results of online course registration.

Extended-study students who are **not** applying for a student loan must complete course add/drop procedures within the prescribed period, print their tuition payment statement from the Bank of Taiwan Tuition Portal after it becomes

available, pay the tuition or credit-hour fees before the payment deadline, and complete registration accordingly.

7. Tuition and miscellaneous fees must be paid **before the payment deadline**. Students should retain the **first copy of the payment receipt (Student Copy)** for future purposes such as tuition refunds or tax filing.
8. For information regarding **student housing**, please visit the website of the **Student life Division, Office of Student Affairs**.
9. Students who are **newly transferred, readmitted, or extending their period of study** must visit the **Student Safety Division** during the **first week of the semester**, bringing their **National ID Card** and **Admission Notice**. Students completing military service procedures should also bring their **Certificate of Discharge** or **Military Training Completion Certificate**.

Students who fail to submit the required application for military service deferment and subsequently receive a military draft notice from the local government will bear full responsibility for the consequences.

10. National Formosa University has fully implemented the **iPASS Digital Student ID Card**. Students requiring proof of enrollment may apply through the **Academic Affairs Division website** or download a **Certificate of Enrollment** for use.

These registration instructions are available on the Office of Academic Affairs website:
